

## ANNOUNCEMENT

Debtrak Pty Ltd

Debtrak T.M.

I am delighted to be able to announce that contrary to rumour and speculation, the Debtrak collection system is alive and well and continuing to support leading Debt Purchase Companies, Receivables Management Companies, Legal Practices and Government Departments and Instrumentalities.

Debtrak continues to evolve as a company and as a product, and complimentary development is continuing to occur in conjunction with operational enhancement and refinement.

After protracted negotiations my company Macquarie Software Pty Ltd, has purchased all of the shares in Debtrak Pty Ltd from the other founding shareholders, to secure and ensure the future of the Company and the product.

To all of those using Debtrak, in Australia and Internationally, this underpins my ongoing commitment. The rapidly expanding user base will ensure an environment for continuous upgrade.

2007 will see the product further enhanced and the number of uses leap forward to our mutual benefit.

Callum Hoogesteger  
Managing Director
